I'll be out of town for a little bit  
Out of sight, out of mind, for a little bit longer  
A little bit longer

I got the photo in the wallet and the memories to take  
me there  
Write the little notes on the back just to show that you  
care  
Just to show that you care

Kiss me, won't you kiss me?

Kiss me like it's Christmas, hold it 'til we're breathless  
Three thousand miles shouldn't ever bring us down  
Kiss me like it's Christmas, 'cause I don't wanna miss  
us  
'Cause when you're here, everything turns around

Phone calls in the hall while the bed is made  
Talking soft because you know that I'm hiding the pain  
I'm hiding the pain

You tell me that the heartache writes me a better song,  
Lalalalala, well I guess it does, but something feels  
wrong  
Since I've been gone

So kiss me, won't you kiss me?

Kiss me like it's Christmas, hold it 'til we're breathless  
Three thousand miles shouldn't ever bring us down  
Kiss me like it's Christmas, 'cause I don't wanna miss  
us  
'Cause when you're here, everything turns around  
Turns around

Kiss me like it's Christmas, hold it 'til we're breathless  
Three thousand miles shouldn't ever bring us down  
Kiss me like it's Christmas, 'cause I don't wanna miss  
us  
'Cause when you're here, everything turns around

Turns around, turns around, turns around

Kiss me like it's Christmas, kiss me like it's Christmas
