Yeah, I'm feelin' so defeated
Pushed away, what I needed
Fighting against myself,
'Til there was no one else

Forgot about where I came from,
Lost in my distractions
Walking down along the road,
Founding out on my own

I don't want to take up all your time
I just wanna find a way to make you mine

Give me a second chance, I'm gonna make it last
Baby, I'm not perfect, I'll get through this place I've
been in
Give me a second chance, give me a sweet romance
Baby I'm not perfect, I'll get through this,
C'mon let me have a second chance

Remember when we were younger
Nothing could bring us under
Feeling unstoppable
But then I just lost control

'Cause I could waste a million nights away
Trying to find the words to make you stay
And if i knew what I know now, I never let you go
I don't wanna take up all your time,
I just wanna find a way to make you mine

Give me a second chance, I'm gonna make it last
Baby I'm not perfect, I'll get through this place that I've
been in
Give me a second chance, give me a sweet romance
Baby I'm not perfect, I'll get through this,
C'mon let me have a second chance

Could you ever fall back into me?
Could we go back to the way it used to be?
Is it too late to say I'm sorry?

I just need you now

Give me a second chance, I'm gonna make it last
Baby I'm not perfect, I'll get through this place that I've
been in

Give me a second chance, give me a sweet romance
Baby I'm not perfect, I'll get through this,
C'mon let me have a second chance

A second chance
