Baby I want you, baby I want you now
Just because I say I like it, some things I can't allow
I feel I need to get this out in the open,
These are the hardest things to say without me choking
You even make a certain smile when you're smoking
I didn't wanna persist but if you do insist
I was aggressive a little possessive
And this was never a topic of discussion
I get a little too over protective
I wasn't asking for this, well if you do insist

Baby I want you, baby I want you now
Just because I say I like it, some things I can't allow
Baby I want you, baby I want you now
Tired of pursuing what are we doinnng

I like it better when we're out in the open
When you yell louder when it's me whose choking
The way you cover up the set when you're smoking
I didn't wanna be missed, well if you do insist
As the days and the weeks and the months pass,
I didn't make this a topic of discussion
I know I could have been much more objective
I'm not asking for this, well if you do insist
Baby, baby, ohhh I wasn't asking for it

Baby I want you, baby I want you now
Just because I say I like it, some things I can't allow
Baby I want you, baby I want you now
Tired of pursuing what are we doinnng

Baby I want you, baby I want you now
Oooh
I'm undecided but maybe misguided by you

Baby I want you, baby I want you now
Just because I say I like it, some things I can't allow
Baby I want you, baby I want you now
Tired of pursuing what are we doinnng
