She gives it up for the finer things.
Well it's these kind of dreams
She falls in love with everything on TV.
Breaking hearts in the same fashion as high school.
And baby girl gives attitude.

Chanel shades fit her just right.
Gucci this fendi that the brand new prada shoes
With the hat to match.
As she sits in 1st class sipping mixed drinks.
And you don't know what to think.
We'll be the 1st ones waiting for you

Out there darling you say your over it,
That couldn't exist, impossible that I'm giving up,
Listen up before you say goodbye
We're going out there.
You say it's over but this isn't over until you say good

She gives it up for the bright lights.
It's a quarter past 6 and she'll be dancing all the way to
midnight.
As you sit there and judge her like you know her
And baby girl gives attitude.
She storms out on her high heels.
Blows a kiss gives a wink.
Leaving you alone to pay for her drinks.
As she heads for the car you finally realize
That THIS CHANGES EVERYTHING
And we'll be the 1st ones waiting for you

Out there darling you say your over it,
That couldn't exist, impossible that I'm giving up,
Listen up before you say goodbye
We're going out there.
You say it's over but this isn't over until you say good

She carries the weight on her shoulders,
She pull it off till she gets caught.
When it's heavy enough to tip you over.
We'll be waiting for you

Out there darling you say your over it,
That couldn't exist, impossible that I'm giving up,
Listen up before you say goodbye
We're going out there.
You say it's over but this isn't over until you say good
