"A Kiss from an Old Flame"

Visit "[A Kiss from an Old Flame](#)" on MotoLyrics.com

With a wink from a starlet's eye a string of pearls come to life/Who knows what black and crazy thoughts swim inside a girlfriend's heart/No brighter jewel is there above than the gem of a girl still in love/Below the horizon the last crown jewel pales among the stars at noon/When out of the blue a rainbow rockets thru/A kiss from an old flame A trip to the moon/Endlessly falling my way downtown someone to throw both arms around/Who knows what black and crazy names swim around inside her brain/adrift across the silver screen just imagine you and me/Our strolling make-believe ballroom glides set the rainbow room afire/Off into the starlit nite two fools rush in you and I/Feel the rough hand close behind above the Heaven's Open wide...
