I see it coming in a dream
I see it coming in a flash
And if it comes, it comes
But if it don't I'm gonna crash

Who put the kick back
In a young man's stride?
Kick back
In a young man's stride
Kick back
In a young man's stride
Kick back
In a young man's

There's nothing like the feel
Of destruction come alive
There's nothing like a drive
Express into your mind

Who put the kick back
In a young man's stride?
Kick back
In a young man's stride
Kick back
In a young man's stride
Kick back
In a young man's stride

In his stride, in his stride, in his stride
In his stride, in his stride, in his stride
In his stride

I hear you coming with a scream
I see you coming with a flash
And if you come, you come
And if you don't, I won't have to ask

Who put the kick back
In a young man's stride?
Kick back
In a young man's stride
Kick back

In a young man's stride
Kick back
In a young man's stride

Kick back
In a young man's stride
Kick back
In a young man's stride
Kick back
In a young man's stride
Kick back
In a young man's stride
Who put the kick back
