Will I meet you in the sky
In the twinkling of an eye
Will you call me through the air
To the place you have prepared
How I long to be with you
When your work in me is through
And my body glorified
This temple no longer defiled

And there will be
No more pain, no more tears
No more leaving, no more fears
No more sin, no more shame
No more heartache, just praising His name

Cause this earth is filled with pain
And my flesh it still remains
And I will never be complete
Until I bow down at Your feet
So I set my gaze ahead
And recall the things you said
You said that You would never leave
And in Your worlds I will believe

And there will be
No more pain, no more tears
No more leaving, no more fears
No more sin, no more shame
No more heartache, just praising His name

I don't know if it'll happen in my lifetime
But I'll wait and watch that eastern skyline
Cause all that You promised You said You'll do
So I'll watch and pray and wait for you

Come soon come soon
Come soon come soon (soon)
Come soon (soon) come soon (soon) come soon

And there will be
No more pain, no more tears
No more leaving, no more fears

No more sin, no more shame
No more heartache, just praising His name
Just praising His name
