Goodbye Boston
You were always there for me
When I was lost and
Couldn't find my way to sleep
In all my mess and mixed up mind
You navigate me through each line
Of every song, of every word
I've never sung I've never heard

Don't tell me it's over now,
And this could be it somehow

Come on and hate me
Go on just hate me
For everything that I've done wrong
For almost anything at all
Go on and hate me
Come on just hate me
Hate me for everything I've done.
But don't you dare hate me for what I have become

It's a new me, would you even know my face?
Or could you believe
All the heavy hearts I break
Oh just break down, come on confess
That every day it's me you miss
And every word of every song
I've ever sung says you were wrong.

Don't tell me it's over now,
And this could be it somehow

Come on and hate me
Go on just hate me
For everything that I've done wrong
For almost anything at all
Go on and hate me
Come on just hate me

Hate me for everything I've done.
But don't you dare hate me for what I have become

This is it. This is it. This is it.
There's no turning back.
(What have I become?)
This is it. This is it. This is it.
What If I don't last?
(What have I become?)
This is it. This is it. This is it.
There's no turning back.
This is it. This is it.
(What have I become?)

Hate me, go on hate me
For everything I've done
For anything, anything
Hate me

Hate me
Go on just hate me
For everything that I've done wrong
For almost anything at all
Go on and hate me
Come on just hate me
For everything that I've done wrong
For almost anything at all
Go on and hate me
Come on just hate me
Hate me for everything I've done.
But don't you dare hate me for what I have become
