Strapped down  
Bled dry  
Veins on the verge of collapse  
Heart rate at max  
Infused with artificial fuel

Electric pulse  
Beating hard  
Erase to improve  
Build a new you

When all ends meet  
When all ends connect  
Pray you're not weak  
Pray you're not fearful

Drained of lifelust  
Transcend into a useless device  
Twisted mechanics  
Leaving you a skeleton of rust

Hellish vision  
Of progression  
Open eyes  
See only regression

When all ends meet  
When all ends connect  
Pray you're not weak  
Pray you're not fearful

When all ends meet  
Be part of the grey machinery  
When all ends connect  
Be part of the grey machinery

[Solo: L. Pignon]

When all ends meet  
When all ends connect  
Pray you're not weak  
Pray you're not fearful

When all ends meet  
Be part of the grey machinery  
When all ends connect  
Be part of the grey machinery

Each step forward two steps back  
Guinea pigs in the name of coming man

When all ends meet  
Be part of the grey machinery  
When all ends connect  
Be part of the grey machinery

[Solo: L. Pignon]

When all ends meet  
When all ends meet
