Lonely and shaking from the heat
Of Los Angeles under my feet
Don't you make me beg
It seems like miles to where you are
And if telephones reach that far
Would my tongue tie up
Or would these words be enough?

Say say, say say something,
Anything to make this feel alright
If you don't wanna talk about it, fine.
If you're alright tell me that you're alright
Take take, take a little chance
No, you first, I don't have the heart tonight
And if you don't wanna talk about it, fine
If you're alright I'm alright tonight

Broken and battered from the sound
Of this Hollywood heart giving out
Don't you make me beg
Come on come clean could you still think
That I'm worth my weight in ink
And if the pen touched down
Would these words still come around?

Say say, say say something,
Anything to make this feel alright
If you don't wanna talk about it, fine.
If you're alright tell me that you're alright
Take take, take a little chance
No, you first, I don't have the heart tonight
And if you don't wanna talk about it, fine
If you're alright I'm alright tonight

I'm alright
Alright, I'm alright
Tell me that you're alright

Say say, say say something,
Anything to make this feel alright
If you don't wanna talk about it, fine.

If you're alright, tell me that you're alright
Take take, take a little chance
No, you first, I don't have the heart tonight
And if you don't wanna talk about it, fine
If you're alright I'm alright
Say say, say say something,
Anything to make this feel alright
If you don't wanna talk about it, fine.
If you're alright tell me that you're alright

Say say
Say say (I'm alright)
Say say
Tell me that you're alright
