Carnivorous lust
Deception
Anticipation
Twist of the neck
Risen to accept
Fear of the rush
Pounding faster
And faster

Clench your fists
Blackening
No use to resist
Let this go
Run with it
Stay with it
Keep the
Just let it

This ending is
Your misery
Cease to exist
This ending is
Accomplish creation
This ending is
Your blackened soul
Death, devastation
This ending is

Empathy
This ending is
The great meditation
This ending is
The last infection
This ending is
Your final
Embrace this ending

Into your eyes
The sickness is growing
Destination
Hallucination
Tie the rope

Put it to the throat
Take the
Growing weaker and weaker

Clench your fists
Blackening
No use to resist
Let this go
Run with it
Stay with it
Keep the
Just let it go
