Charge the punch
And make it count
Savour the moment
As their jaws drop to the floor

Finally aware of who's in command
Hunger for power awake
A hunger reversed
Unable to quench it's thirst

Now I'm the reaper
Without a trace of sin
Enlightening a dark world
Mirrored from within
Trace of sin

Trace of sin
Trace of sin

Primal urge awakened
Reach the top of the chain
Nothing to hold me back
On each bastard I gain

Put the noose upon them
Let them suffer in shame
Make them wish they never been born
As the mirror's truth stares them back in their eyes

As unsettling inner devastation
As they pray they would die

[Solo: L. Nibrant]

Now I'm the reaper
Without a trace of sin
Enlightening a dark world
Mirrored from within
Trace of sin

I've become the reaper
Not a single trace of sin

When I tear them apart
Hear a silent scream -
As the mirror stares back into their eyes
