Sound the alarm  
Call the doctor and the nurse  
I think you're getting worse  
Disconnected at the head  
Letting go is something you don't get

Let's try again  
Call the doctor call the medic  
Your condition is pathetic  
Enjoy it while you can  
I won't apologize again  
Cause I don't care.

I'm seeing through you now.

I know you hate me  
And it must drive you crazy  
To think, how quickly he let you (go go go)  
I know you hate me  
But darling don't mistake me  
This boy is mine  
I've had him all this time,  
So go away go away, go away go away, go.

Sound off again  
Calling all cars to the scene  
We've got a drama queen  
Torn at the chest  
Where a heart should be you'll find there's nothing  
left  
Shaking again from a fatal lack of friends  
You did this to yourself

So dig it, it's your grave  
I'll be dancing on that day  
Cause I don't care

I'm seeing through you now.

I know you hate me  
And it must drive you crazy  
To think, how quickly he let you (go go go)

I know you hate me  
But darling don't mistake me  
This boy is mine  
I've had him all this time,  
So go away go away, go away go away, go.

911 If you need someone to rely on  
666 if you're calling home  
911 If you need someone to rely on  
666 if you're calling home  
Aw, you thought he wanted you?  
That's cute.

I know you hate me  
And it must drive you crazy  
To think how quickly he let you (go go go)  
I know you hate me  
But darling don't mistake me  
This boy is mine  
I've had him all this time,  
So go away go away, go away go away, go.
