Hey baby, why don't you slow down  
Then maybe I could tell you what I'm thinking about  
You're so hard, hard to understand  
When you're shouting like you just don't give a damn

Kiss kiss, it can't be that bad  
What is it, come on tell me what has got you so mad  
You're so cold, cold when you explain  
You'd rather knock around than talk about it anyway

I'm down to fight this out  
Just tell me what are we arguing about?

It's 'He Said', it's 'She Said'  
With all this screaming I can't hear my own head  
'This' he said and 'That' she said  
Got my brain spinning, now we're at it again  
Both in bed, playing pretend,  
Like next time this won't happen  
He Said, She Said He Said

It's not like now I love you more  
'Cause I'm right and you're down on the floor  
You're so quick, quick to change your plans  
Give up, save face, and meet demands

I'm down to fight this out  
Just tell me what are we arguing about?

It's 'He Said', it's 'She Said'  
With all this screaming I can't hear my own head

'This' he said and 'That' she said  
Got my brain spinning, now we're at it again  
Both in bed, playing pretend,  
Like next time this won't happen

You'd think that I'd be sick of wearing out my lungs  
But when I catch my breath you'll find that I have only  
just begun  
Then when you're too tired, and sending up your flag  
You'll say it's all "He Said, She Said", cliché, baby,

beggin'

...Please, please, please, can I take it all back

It's 'He Said', it's 'She Said'

With all this screaming I can't hear my own head

'This' he said and 'That' she said

Got my brain spinning got my brain spinning

It's 'He Said', it's 'She Said'

With all this screaming I can't hear my own head

'This' he said and 'That' she said

Got my brain spinning, now we're at it again

It's 'He Said', it's 'She Said'

With all this screaming I can't hear my own head

'This' he said and 'That' she said

Got my brain spinning, now we're at it again
