Hey, why would you say something  
We both know you didn't mean  
Why would you go and open up your mouth  
And make me cause a scene

It's all that I can do to keep myself from wanting you  
Knowing the way I do that you want me to

Shut up, shut up  
I won't get over this  
Or give up, good luck  
With "it was just a kiss"  
And I won't let up  
I've had enough of this, so  
Shut up , shut up  
Shut up, shut up

Oh no, what did I do wrong?  
Could it be our ugly past?  
You know that I tried to change, but changing you  
Caught up to me too fast

Tell me what I can do to make everything up to you  
Knowing the way I do that I need you

Shut up, shut up  
I won't get over this  
Or give up, good luck  
With "it was just a kiss"  
And I won't let up  
I've had enough of this, so

Shut up , shut up  
Shut up, shut up

And the words fall from your tongue  
Like you're the only one  
The only one with something left to hide  
But I've been keeping everything inside

Shut up, shut up  
I won't get over this

Or give up, good luck  
With "it was just a kiss"  
And I won't let up  
I've had enough of this, so  
Shut up , shut up  
Shut up, shut up

Shut up, shut up  
I won't get over this  
Or give up, good luck  
With "it was just a kiss"  
And I won't let up  
I've had enough of this, so  
Let up, let up  
IÂ'm fed up, fed up

Shut up, shut up  
I won't get over this  
Or give up, good luck  
With "it was just a kiss"  
And I won't let up  
I've had enough of this, so  
Shut up , shut up  
Shut up, shut up
