Ambition where am I going?  
Outrageous signs weren't stalling  
I'm not sure but she's no tender  
Where's all the coverage been  
A vague answer's all you gave me  
From entrusted wayward stories  
And I'm caught up in this relay  
Nothing's the truth to me

Everything's untrue  
It's tough to move along until I'm being  
Caught up in this path to your whole world

I'm dodging provocation cause I'm constantly  
despaired  
And I'm running out of room while pushing dreams up  
over  
Lying over there

Ambition where's our calling  
I'm elated but I'm falling  
I'm not sure but I'm not leaving  
I'm counting soapboxes  
A vague answer's all I gave you  
And that's all you've asked me to do  
And we're caught up in this relay  
Nothing's the truth to us

Everything's untrue  
It's tough to move along until I'm being  
Caught up in this path to your whole world

I'm dodging provocation cause I'm constantly  
despaired  
And I'm running out of room while pushing dreams up  
over  
Lying over there

And I'm running out of breath  
It's time that bit me once  
My vague reflection staring up at nothing  
Just forsaken up in arms
