You should have just said no You should have just said
go
Oh, you should have said nothing at all

You said you'd be in Carolina, but I knew I'd only find
you
Writing letters and telling your closest friends,
Is just too much
But we both know this is going nowhere fast
I've had more than enough, halfhearted promises
Oh I've had more than enough I said I've had more
than,
I've had more than enough

I know you never meant to say that everything will be
okay
When I lie in your arms at night and you lie with your
lips
Every time that we kiss
You should have just said no You should have just said
go
Oh, you should have said nothing at all

And drop the act, let's not pretend
We won't ever have back then or feel like this again
We both know this is going nowhere fast
I've had more than enough, of these pointless
arguments
Oh I've had more than enough Yeah I've had more
than,
I've had more than enough

You said you'd be in Carolina, but I knew I'd only find
you
Writing letters and telling your closest friends
Is just too much
But we both know this is going nowhere fast
I've had more than enough, halfhearted promises
