We're the scraps left behind in ground zero  
From the blast that came to collect on it's debt  
Blowing gale over the corpses  
Over the hills that swallowed our footsteps

We kill the time as it was done to us  
We point our hands in the shapes of guns and we time  
it

All washed out and fading in the foreground  
The hammer draws back, go find your peace

We're... the great whale hooked and robbed of it's hide  
As the jaybird watches yellow jackets close in  
Gulf war, empty the beds of our fathers  
Arms race, let fly the wolves in our hearts  
Get up, get up, get up with 27 minutes left in '68 every  
day

Everything, nothing, me.  
Everything, nothing, me.

We kill the time as it was done to us  
We point our hands in the shapes of guns and we time  
it

All washed out and fading in the foreground  
The hammer draws back, go find your peace [x2]

Nobody notices the cowards fall [x2]

Fall just like the brave [x2]

Nobody notices the cowards fall [x3]

Fall just like the brave

All washed out and fading in the foreground  
The hammer draws back, go find your peace [x2]

Everything, nothing, me.  
Everything, nothing, me.
