It doesn't matter if we ever unlearn this  
It's still looking pretty bleak  
It's still looking pretty dim  
We couldn't keep ourselves from these painful habits

And never asking for more [x2]

I can't stop, I can't slow down  
Moving towards the end  
No faith, no trust, no hope  
I can't stop. I can't stop

Just relax, I got a rope around my neck to break my fall

We are the flies trapped in a moving car  
Helpless while we're searching for scraps  
While we're searching for scraps  
And we have watched you all exhaust yourselves  
underneath the entropy

A severed arm's length apart [x2]

I can't stop, I can't slow down  
Moving towards the end  
No faith, no trust, no hope  
I can't stop. I can't stop

Just relax, I got a rope around my neck to break my fall

Wake up, do it again [x2]

They paved the road for us so we could break our  
backs  
Our ambition tied the knot so we could clear our heads  
[x2]

Clear our heads!

I got a rope around my neck!

I can't stop, I can't slow down  
Moving towards the end

No faith, no trust, no hope  
I can't stop. I can't stop

Just relax

I got a rope around my neck to break my fall [x2]
