I was a fish trapped in a bowl of water.  
I was made to look the fool.  
And though I wanted to I never caught her.  
Insted I drowned there in my bowl.

I could die for you, but you wouldn't even care about it  
I could die for you, but you wouldn't even care about it

She had a line for every situation.  
Knew exactly what to say.  
I had no time for proper preparations.  
It could have gone out either way.

I could die for you, but you wouldn't even care about it  
I could die for you, but you wouldn't even care about it

If only I could synchronize it.  
All we need is a stablizer.  
But it doesn't seem blue right, for now.  
And thats it.

I was a fish trapped in a bowl of water.  
I was made to look the fool.  
And though I wanted to I never caught her.  
Insted I drowned there in my bowl.

I Could die for you, But you Wouldn't even care about It  
I Could die for you, But you Wouldn't even care about It  
I Could die.....  
I Could die.....
