Everybody says that Iâ€™m blind
But with contactlenses Iâ€™ll be fine

Everybody tells me Iâ€™m a fool
But I just canâ€™t stop doing what I do

Beause sheâ€™s simply irresistable, sheâ€™s all I ever see
Maybe Iâ€™m to desperate and sheâ€™s to hard to please

Maybe you could lend a helping hand
To make that stupid woman understand

How I feel about the things she said
Because I can do without them in my head

Beause sheâ€™s simply irresistable, sheâ€™s all I ever see
Maybe Iâ€™m to desperate and sheâ€™s to hard to please

I could use a doctor â€™cause living is a nod
When drugs are on prescription and love can break
your heart

Simply irresistable, sheâ€™s all I ever see
Maybe Iâ€™m to desperate and sheâ€™s to hard to please

Simply irresistable
Simply irresistable
