Have you ever seen a road so open and wide, Every  
man swears one day they'll take this stride. No lights to  
guide us, No lanes to keep us in. Do you know the  
destination? Welcome to the city of sin. The City of Sin,  
The City of Sin. The streets and lights have left us.  
Where hve the bricks and mortar gone? No windows to  
reflect our faces, The crimes still linger on...Live  
tonight for pleasure. Live tonight to win, Live tonight for  
pleasure. Lose yourself within, The City of Sin. Why  
have we survived, If everything we have has died? The  
car in which we drive, Is burning holes in your starlit  
eyes. Burning holes in your starlit eyes, Burning holes  
in your starlit eyes. It never is, it never was. There never  
is, there never wa. It never is, it never was. A City of Sin,  
City of Sin, City of Sin. Live tonight for pleasure, Live  
tonight to win. Live tonight for pleasure, darling. Lose  
yourself within. Drive tonight for pleasure, Drive tonight  
to win. Drive tonight for pleasure, darling, Lose  
yourself within...The City of Sin.
