Step up, re-align yourself step back and I will come clear

Step up, please do what I want you to (Step Back) Why does it always happen here...

The planets affecting my mind it feels like I'm fighting

Mankind, but you are electrifying, yes, you are electrifying my mind

Step up, re-define yourself step back and I will come clear

Step up, please do what I want you to (Step Back) Why does it always happen here...

I find it hard to explain why the arms of my conscience you cannot chain;

And out of the windows of lies steps a man in a gey suit with love in his eyes

Step up, re-define yourself Step back and I will come clear Step up,, please do what I want you to (Step back) Why does it always happen here...
