This is a story of the life and times of the friends of mine  
Who stood by me, you stood by me  
Well I'm not a poet or a better friend of any kind  
But I must say for my poor penmanship this is my thanks

Oh you gotta believe me when I say  
Oh you are the bone in back of me  
I never want to be something  
If that means I'm nothing to you  
I will always be yours  
Pick me up  
I'll be there, there for you

This is a story of the endless drives and drunken dives  
Where the best of me, was in my sleep

Oh you gotta believe me when I say  
Oh you are the bone in back of me  
I never want to be something  
If that means I'm nothing to you  
I will always be yours  
Pick me up  
I'll be there, there for you

I never want to be something  
If that means I'm nothing to you  
I will always be yours  
Pick me up  
I'll be there, there for you

Nothing last forever  
I've got your back when your backs against the wall  
Nothing last forever  
I swear I'd fight and die for you

I never want to be something  
If that means I'm nothing to you  
I will always be yours  
Pick me up

I'll be there, there for you

This is a story of the life and times of the friends of  
mine

Who stood by me, you stood by me

I'll be there, there for you
