Why the hell can't I see?

"Will you just go away?"

I guess it takes some time

To get this off my mind
I need some time alone

Some time to call my own

It's fucked up, how I'm locked up

With you I can't go on
How do I get out?
Cause I hate the way you follow

If they say you would swallow

And I can't stand to be around you
Friends say better things

Better things will come my way

And I've got one shot

To give it all I've got
I've got to find a way
Cause I hate the way you follow

If they say you would swallow

And I can't stand to be around you
You think you know it all

You know nothing at all (repeat 2x)
You're nothing No nothing I don't wanna be a nothing.

You're Nothing, You're nothing I don't wanna be a
nothing like you
I hate the way you follow

If they say you would swallow

And I can't stand to be around you
