Romance is dead
For all we care, or so it seems.
And while you fall asleep,
I guess I'll just sit and stare.
Let this complacency surround me.

I can see straight through you.
So much so,
That Sue Storm envies your transparency.

Romance is dead
For all we care, or so it seems.
And while you fall asleep,
I guess I'll just sit and stare.
Let this complacency surround me.

I won't forget this night (quite so easily)

Just because you're my love
Doesn't mean this is.

Always and after
