Don't try and tell me that I'm wrong,
My dear it's over so I'm singing you this song.
Your bed is made the hole is dug,
Doesn't matter how you feel, it's time to move on.

And I don't wanna wait up, wait up, I'm gonna have a
good night.
Get up and dance, I'll meet you in the spotlight.
And we'll take a chance, and kiss beneath the
moonlight.
So get up, get up, we'll dance upon the rooftops.
We'll makeup, breakup, oh god you make my heart
stop.
And we'll take a chance, and kiss beneath the
moonlight.

I'll take the chance to get it right,
You're only ever here, until you say goodnight.
My head it hurts my mind it aches,
And as I drop the glass, I'll try too stay awake.

And I don't wanna wait up, wait up, I'm gonna have a
good night.
Get up and dance, I'll meet you in the spotlight.
And we'll take a chance, and kiss beneath the
moonlight.
So get up, get up, we'll dance upon the rooftops.
We'll makeup, breakup, oh god you make my heart
stop.
And we'll take a chance, and kiss beneath the
moonlight.

And I don't wanna wait up, wait up, I'm gonna have a
good night.
Get up and dance, I'll meet you in the spotlight.
And we'll take a chance, and kiss beneath the
moonlight.
So get up, get up, we'll dance upon the rooftops.
We'll makeup, breakup, oh god you make my heart
stop.
And we'll take a chance, and kiss beneath the
moonlight.
