[music by Lord Kaiaphas, lyrics by Thegn Damieus]

Abandon my dreary fortress
The dusky blood-moon arouses
And invites my vampiric soul
To crave pleasures divine
... So divine

I fly amongst the bats of night
Soaring into the village heart
Seeking unsuspecting female peasants
For my nocturnal blood-bath

Allure some worthless slut
Entangled in the web of desire
Bewitched by the black spell of silence
To worship my pernicious cock!

My hunger sprouts...

Beyond the hallowed churchyard
Lurks my savoury evening guest

As my eyes catch a glimpse of her
Ivory neck and lecherous thighs
My virulent fever swells
To murderous heights

I want your fucking cunt-
I need your life-giving blood...

"Pleased to meet your acquaintance my dear..."
Only I can hear her desperate outcries of utmost horror
As I commence to tear asunder mortal garments
My face unveils a sardonic grin
Her quivering body pressed tightly against mine
Thrusting my spike inside her
Gashing her ensanguined fruit
My scarlet flesh fulfilled- this a most unpleasant tryst
Sinking mordant fangs in tainted breasts
Withdrawing the elixir which makes me whole
