I've been thinking real hard
Yeah, thinking about you
Baby lately, when I'm all alone
It's just about the only thing I do
And when I close my eyes in a dream baby, you are
who I see
And when I wake up in the morning I wonder, baby, do
you dream of me
Is this love
Is this love
Baby is this... is this love

When I'm holding your hand
You know it makes me feel good
Just to walk along with you
Down the streets of my neighborhood
'Cause when you're with me baby, this cruel world
seems so kind
And every time I see you one question, one question
comes to mind
Is this love
Is this love
Baby is this... is this love

Just take a look at me and tell me darling what do you
see
If it ain't love, what could it be
Just hold me close to you and let's dance real slow like
lovers do
As we wonder, could this be true... could it be true

We're so up in the air
Just dancing on dreams
Well it makes me wonder what is really there
All I know is the way it seems
Is this just wishful thinking baby, are you just playing a
game
'Cause now I'm feeling something, please tell me
Baby do you feel the same
Is this love
Is this love
Baby is this... is this love

Love...
