Sciabolabile

Well, here we are,
They're all here and they'll go far
We got Martina, she's the blonde
She's on a diet but she keeps on drinking Soda.

And now let me introduce to you Valeria.
She's the one doing Kung Fu.
For her it's so easy to jump in the air.
Then she has trouble fixing her hair.
(Well, I had the same problem anyway.)

There's also Chloë.
She's my favourite and she's my baby.
She's hysterical but I love her, and I'm obsessional, so I
need her.
She's an actress, she never had a good part,
Play a princess not to die in a car.

Here with Martina, not offence,
She is the one with the driver's license.
She took the car from Daddy
'Cos he was secretly attracted to Chloe.

They cruise around the city All night long
They want to chase the vile and the bad Out of town
They're on a mission They can't go wrong
They wanna get the man who saw the son who went
down

I think they should do a record.
It might sound funny at first.
They could also tour the bars.
And I'll go there to quench my thirst.

I'd also like to sing harmony.
When Chloe's lead, we could get funky.
Despite I'm more into folk music,
I'm sure we could get a little funktronic

Let's go SCIABOLABILE
