The poison is still in your veins  
The poison I slipped in your drink  
Never saw me, I am but a ghost  
Never saw your dangerous host

Wake up  
You're still alive  
Wake up and die

All you can see in the darkness above  
Is the light in my eyes  
I'm standing on the edge of your grave  
Looking down into the eyes of a dead  
Buried alive, buried alive

Wake up  
You're still alive  
Wake up and die

How does it feel with my foot on your chest?  
How does it feel? Tell me and I might forget  
How does it feel to be so out of breath?  
How does it feel? Tell me and I might forget

Buried alive  
Buried alive

He started struggling, oh the fool  
Moonlight shining in his drool  
I slammed the shovel straight between his eyes  
"Stay down", I screamed, "You're here to die"

Never saw me, I am but a ghost  
Never saw your dangerous host

Wake up  
You're still alive  
Wake up and die

All you can see in the darkness above  
Is the light in my eyes  
I'm standing on the edge of your grave

Looking down into the eyes of a dead  
Buried alive, buried alive

No matter what it is you believe  
You're lucky when you die in your sleep  
"Murder", he screamed "Oh why?" but that's a lie  
You killed me first, so now die

I'm dead, but you die  
I'm gonna bury you alive

"Murder", he screamed, "Oh why?"
