I see little demons, are they in my head?  
I see little demons, fighting in my bed  
Why did I go insane? Oh, doctor kill the pain

Screams in the night, I hear another one died  
Was it number 9, or was it me who cried?  
Why did I go insane? Oh, doctor kill the pain

When I look in the mirror, my mind goes blank  
My brain is burning up, insanity  
When I look in the mirror, my mind is dead  
Is it me on the other side?

I saw the look on your face, the night they took me  
away  
Not a tear, not a trace, just stood there waving  
goodbye  
Dead roses in my room, a love that died too soon

When I look in the mirror, my mind goes blank  
My brain is burning up, insanity  
When I look in the mirror, my mind is dead

Sanity turned insane, I hang myself in a picture frame  
I'm so tired, let me sleep, I'm counting demons  
Why did I go insane? Oh, doctor kill the pain

Oh, doctor kill the pain, oh, doctor kill the pain
