Satan's veil, the night so red  
Another creature sighted  
The night's alright, the music's loud  
The feeling is so right

Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy

Someone wishes, dare to learn  
And understand the chance  
About his lair, the king has spoke  
To be in there with him

Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy

Satan's veil, the night so red  
Another creature sighted  
The night's alright, the music's loud  
The feeling is so right  
Later on, the cauldron's burning  
Take away their breath  
You can't resist my evil touch  
Nature fights their bearing

Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy Aliens  
Mission: Destroy
