This house is full of hate  
This house is full of madness  
This house is deep insane  
This house was never mine

Deep in the dark, you will find us  
Demon and I, we are both deep inside  
Yes, my demon and I, we are mine

All of the deadly kisses  
All of the sick, sick, sickness  
All of the broken mirrors  
It's here to stay forever

Deep in the dark, you will find us  
Demon and I, we are both deep inside  
Yes, my demon and I, we are mine

Come along, come along  
Meet my demon, demon  
My demon, demon

The poison deep within  
I can't let him out again  
The dark stains on the floor  
They won't come off anymore

So here we go again  
Digging the knife in  
Who will be next?  
Who will be our guest?

The dark stains on the floor  
They won't come off anymore  
Who will be next?  
Who will be our guest?

I hate that goddamn cellar  
I wish I never went there  
It always was and will be  
I cannot, I cannot make it go away

Deep in the dark you will find us  
Demon and I, we are both deep inside  
Yes, my demon and I, we are mine

Come along, come along  
Meet my demon, demon  
My demon, demon

The poison deep within  
I can't let him out again  
The dark stains on the floor  
They won't come off anymore

So here we go again  
Be my guest
