Master... You know I never pray

Master... Nothing can keep you away

Chorus:

Nightmare be thy name, Nightmare be thy name

The dreams... They always do come true

Second sight, and I don't want to know

Chorus

You got to stop this game... Before I go

In-sane... You drive me insane

You would follow me straight to the grave

And beyond... Oh yes you would

Solo: S/D

In Hell, I see the fate of others

Break the spell, this night has been on forever

Chorus

You got to stop this game... Before I go

In-sane... Before I go insane
