Upon a cross a nun will be hanged  
She will be raped by an evil man  
Knock spikes through her hands  
Things won't come she won't understand

You're a nun you haven't had no fun  
Living your life as virgin queen  
I'm gonna change it and I'll get it done  
Tomorrow you won't be a virgin queen

C.U.N.T. that's what you are, you're C.U.N.T. yeah  
I get it up, I get it up in the dark  
I make her feel, I'm not a holy man  
Faster breathing, she's like a shark  
She wants more, I'm gonna give her my cross

Nuns have no fun, they just have their fathers and sons  
But I'll give them hell, I never fail  
Nuns have no fun, they just have their fathers and sons  
But I'll give them hell, I never fail

I get it up, I get it up in the dark  
I make her feel I'm not a holy man  
Faster breathing, she's like a shark  
She wants more, I'm gonna give her my cross  
C.U.N.T. that's what you are, you're C.U.N.T. yeah
