I can see it in your mystery eyes  
I can feel it on your breath tonight  
The yearning for time  
The yearning for eternal life

Oh, oh, oh  
Sucking your blood  
Oh, oh, oh

Let me look you deep in the eyes  
Let me look into your mind  
Let me take you to a room full of life  
Let me, let me, let me suck your wine

Oh, oh, oh  
Sucking your blood  
Oh, oh, oh  
Sucking you, sucking your blood

A chandelier is our source of light  
I'm breathing in the golder air tonight  
Time is right, it's your innocent skin I like

Oh, oh, oh  
Sucking your blood  
Oh, oh, oh

Your neck is so delicately white  
Inviting my mouth for the bite  
My teeth your vein  
Like wine from a chalice I drink

Oh, oh, oh  
Sucking your blood  
Oh, oh, oh  
I'm sucking you, sucking you

Your warm juices color my throat  
What un heavenly joy  
Turning yours into mine

Me part of you, oh you are the wine

Sucking your blood before the night is torn  
How could this ever, ever be a sin

If you would pull the stake from my heart  
If you would let me draw another card  
Maybe the Morning Star will blind our eyes  
Maybe the Morning Star will bless another night

Maybe the Morning Star will blind our eyes  
Maybe the Morning Star will bless another night  
Me part of you, you are the wine
