Vote for Obama

If what you want is  
Change you can believe in  
You got to change the things  
You now are believing in  
For once  
Take a chance  
And believe  
In this man  
Called Barack Obama

When he says that  
Special interest lobby is out  
I think he means that  
Justice truly is in  
And peace and love  
And freedom  
And change that you can  
Really rely on

True to the great  
American belief  
That all men are equal  
Before and behind the law  
He has promised  
He won't  
Look down upon  
Other world nations

So if what you want is  
Peace and freedom for mankind  
Cleaner environment  
Health insurance & jobs  
There's only one  
Thing to do  
And only an  
American can do it

Vote for Obama
