Maybe I'm afraid of something more  
Not being there to hold you like before  
Believe me, I need this, but baby I can not do this

Maybe I'm ashamed and don't know why  
or maybe its the kiss before the lie  
Believe me, I need this, but baby I can not do this

Stay here, stay right next to me  
You say you won't but I know you're gunna leave  
I can tell its him your gunna choose

Baby he won't love you, Love you like I do  
Baby he won't love you, even if you wanted him to  
No no

Believe Me...

Everything has changed, I don't know why  
Take your hand but I don't feel ya by my side  
Believe me, I need this, but baby I can not do this

Stay here, stay right next to me  
You say you won't but I know you're gunna leave  
I can tell its him your gunna choose

Baby he won't love you, Love you like I do  
Baby he won't love you, even if you wanted him to  
No no

Believe Me...

We can always get it baby I know its takin' a lot  
Walk another step, but I don't wanna see ya fall  
Just say you want to leave, don't look back at me  
I'll watch you walk right through that door

He won't love you, Love you like I do  
He won't love you, even if you wanted him to

Baby he won't love you, Love you like I do

Baby he won't love you, even if you wanted him to  
No no

Believe Me...
