Hold me down, break me now  
Settle the score like you're supposed to  
Show my fears, control my tears  
Take the shot I know you wanna.

And the words get out, they drown us down  
Now I'm keeping my head above the water  
Watch me here, you know my dear  
How we were lost until we found love

And the world keep sinking  
Girl I'm chocking on the salt water  
Won't you give me strength to hold, hey.

Chorus:  
Say you'll stay, love that you'll..on me,  
And I'll never let you sleep alone.  
We hold our hearts, I've showed the rescued sea  
And I'll never let you sleep alone.

Take my faults and building tall  
'Cause using up all of my composure,  
They brought me here, our lives from this  
The truthful soul we ever ask for.

And the world keep sinking  
We are all chocking on the salt water  
Would you give me strengths to hold.

Chorus:  
Say you'll stay, love that you'll.. on me,  
And I'll never let you sleep alone,  
We hold our hearts, I've showed the rescued sea  
And I'll never let you sleep alone.

And I'll never let you sleep alone.  
And I'll never let you sleep alone.

Now I hold it back just what we've lost.  
And the moments there that you forgot  
And we're ..that I'm just sleeping with.

[Chorus:]  
And I'll never let you sleep alone.  
And I'll never let you sleep alone.  
And I'll never let you sleep alone.
