Hey beautiful  
I'll admit my heart was on fire  
Caught a spark as soon as you smiled  
Just standing there

And there we were  
Like the world was in on it too  
And the stars and the sky and the moon  
All got a view

Now could you believe it  
When we kissed I could see our hearts beating  
Whisper love and I swear that I'll hear it  
If you're thinking you don't know

I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
If you're thinking you don't know  
I'll teach you to let go (Let go)  
Ohh ohh...

Hey beautiful  
I don't have much to offer you  
Still you stole a kiss or two  
Now you got my attention

Now could you believe it  
When we kissed I could see our hearts beating  
Whisper love and I swear that I'll hear it  
If you're thinking you don't know

I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
If you're thinking you don't know  
I'll teach you to let go (Let go)  
Ohh ohh...

Don't turn away  
I can almost feel it

Like the universe is interfering  
On the edge of love  
And I'm walking near it

Now could you believe it  
Oh oh oh...  
Now could you believe it  
Oh oh oh...  
I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
I'll teach you to let go (Let go)  
If you're thinking you don't know  
I'll teach you to let go (Let go)  
Oh oh oh...  
If you just let go  
Oh oh oh...

Hey beautiful  
I'll admit my heart was on fire
