Baby girl it's looking like the sun is up  
Try to keep a straight face when  
You tell me your in love with one  
We dodged one last kiss but our lips won't let us meet  
You know I'm a terrible actor, but a damn good romeo

I can't subscribe to feelings unanswered  
When I'm alone you are my disaster  
I'll pick the petals till this flower shows me love

I can't go on and leave this unnoticed  
I'm not the guy to make others jealous  
But you're the only trophy this guy has ever won

Just say you love me  
And I'll ask you to be my Juliet  
And I'll be your Romeo

And I'll rewrite a scene change  
That last kiss was just a phase  
So we can grow old and keep acting out this way

Baby girl your love is all I'm dreaming of  
And when my time is up  
You couldn't take these dreams away from me

I'm thinking maybe I should start a trend  
Pretend you're just a friend  
You know I'm a terrible actor but a damn good romeo

I can't subscribe to feelings unanswered  
When I'm alone you are my disaster  
I'll pick the petals till this flower shows me love

I can't go on and leave this unnoticed  
I'm not the guy to make others jealous  
But you're the only trophy this guy has ever one

Just say you love me  
And I'll ask you to be my Juliet  
And I'll be your Romeo

And I'll rewrite a scene change  
That last kiss was just a phase  
So we can grow old and keep acting out this way

Just let me lay my eyes on you  
I'm getting sleepy and you're my escape  
You're not alone, I might be to blame  
Falling in love something is we do with taste

(I'm patiently waiting, with flowers and a heartbeat)  
Just let me lay my eyes on you  
I'm getting sleepy and you're my escape  
(Unnoticed I can't stand these empty feelings)  
You're not alone, I might be to blame  
Falling in love is something we do with taste

(I'm patiently waiting, with flowers and a heartbeat)  
Just say you love me and I'll ask you to be my Juliet  
And I'll be your Romeo

And I'll rewrite a scene change  
That last kiss was just a phase  
So we can grow old and keep acting out this way

(Just say you love me and I'll ask you to be my Juliet)  
On this way  
So we can grow old and keep acting out this way  
(And I'll rewrite a scene change where this last kiss was  
just a phase)  
On this way  
So we can grow old and keep acting out this way
