And baby I'm so in love with you and I
Hope that you feel it too
When you're ready to let go,
When you're ready to fall back

And I see you next to him and
Controls my every inch of
Feeling broken and so out of place
And turn this away

Cus baby I'm so convinced that
When you're ready let's just

Run away, he'll never have to know
Run away, you'll never have to
Pick up all the pieces, and
Tell him that you're leaving
Baby just run away, he'll never have to know
He'll never have to know

And I'll sweep you off your feet
When I show up in your dreams and I'll
Kiss you back to sleep
When we're making out

And baby I can't control my feet
When you dance so damn close to me
But it's cute when you clear the floor
So I can break this down

Cus baby I'm so convinced that
When you're ready let's just

Run away, he'll never have to know
Run away, you'll never have to
Pick up all the pieces, and
Tell him that you're leaving
Baby just run away, he'll never have to know
He'll never have to know

He'll never have to know
Tell me you need this

He'll never have to know
And tell me you need this

And baby just, run away, he'll never have to know
Run, run away, you'll never have to
Pick up all the pieces, and
Tell him that you're leaving
Baby just run away, he'll never have to know
He'll never have to know

Run, run away, he'll never have to know
Run, run away, you'll never have to
Pick up all the pieces, and
Tell him that you're leaving
Baby just run, run away, he'll never have to know
He'll never have to know

He'll never have to know
You'll never have to
Pick up all the pieces, and
Tell him that you're leaving
Baby just run, run away
Away baby just run, run away
Away away
