My imagination  
Gets me all the time  
No matter where I look You're all I'm seeing  
You're my fascination  
The very reason why  
The reason why I'll never stop believing

And I'm so amazed that I  
Am always on Your mind

I believe that You're always here with me  
You're everywhere but still within my reach  
Cause how could You save the day  
If You're a million miles away

Who's to say what you can't see can't be found  
There's evidence of Your presence all around  
Cause how could You save the day  
If You're a million miles away

You're my inspiration  
You're always by my side  
You are there as sure as I am breathing

Without hesitation  
I am giving You my life  
Cause I know You're never gonna leave me

It doesn't matter where I go  
Cause this I know  
I believe that You're always here with me  
You're everywhere but still within my reach  
Cause how could You save the day  
If You're a million miles away

Who's to say what you can't see can't be found  
There's evidence of Your presence all around  
Cause how could You save the day  
If You're a million miles away

What it all comes down to  
Is being with You

I believe...  
You're everywhere but still within my reach  
Cause how could You save the day  
If You're a million miles away

Who's to say what you can't see can't be found  
There's evidence of Your presence all around  
Cause how could You save the day  
If You're a million miles away

Cause how could You save the day  
If You're a million miles away
