

Mercy Me "Sanctified"

Visit "[Sanctified](#)" on MotoLyrics.com

Let there be no condemnation
For all who're fully known in Christ
Unspeakable grace for all the nations
By way of holy sacrifice

We worship with the sound of broken shackles falling to
the ground

Sanctified I have been set free
Grace divine has swept me off my feet

No greater love has ever been known
Than He who came to find the lost
No greater sacrifice has been shown
Than He who laid upon the cross

Let all creation sing for He has come and He's changed
everything

Sanctified I have been set free
Grace divine has swept me off my feet
Grace divine has swept me off my feet

And I know that I will never be the same
And I know that I will never be the same
And I know that I'll never be the same
And I know that I'll never be the same

Sanctified I have been set free
Grace divine has swept me off my feet

And I know that I will never be the same
And I know that I'll never be the same
And I know, yes I know, I will never same
Hallelujah
