Wind's gonna blow my blues away

Wind's gonna blow my blues away

I'm gonna throw my shoes away

Saturday rolling around

Moon going down and the sun come up

Moon going down and the sun come up

We're gonna drink from a loving cup

Saturday rolling around

Been too long working for the man

Who just don't like my face

Been too long looking for a dream

Looking in the wrong place

Gonna take a train and ride away

Gonna take a train and ride away

Gonna take a ship and slide away

Saturday rolling around

I ain't gonna punch that clock no more

I ain't gonna punch that clock no more

I'm going home, gonna lock the door

Saturday rolling around

Working all week from nine to five

Working all week from nine to five

Gonna get down, gonna do the jive

Saturday rolling around

Been all week, work so hard

?Slept all? off my face

Saturday night I'm gonna get down

And really rock that place

We're going down too far to know

We're going down too far to know

We're gonna dance with the . . .

Saturday rolling around

Wind's gonna blow my blues away

Wind's gonna blow my blues away

I'm gonna throw my shoes away

Saturday rolling around

Moon going down and the sun come up

Moon going down and the sun come up

We're gonna drink from a loving cup

Saturday rolling around

Been too long working for the man

Who just don't like my face

Been too long looking for a dream

Looking in the wrong place

Gonna take a train and ride away

Gonna take a train and ride away

Gonna take a ship and slide away

Saturday rolling around
