

## **Thor's Hammer "Apothetai"**

Visit "[Apothetai](#)" on [MotoLyrics.com](https://MotoLyrics.com)

There was a mighty tribe  
Praising the power of nature...  
Respecting the eternal laws  
Spartans created their force!

Mountain reaching the clouds...  
The cruel symbol of death...

What was born weak and hopeless  
Must fall down from the mountain...

Life loves only the strong  
And only they can survive...  
Weak child won't live too long.  
Its place is Apothetai!

Mountain reaching the clouds...  
Symbol of vital glory...

What was born weak and hopeless  
Must fall down from the mountain
