Mighty Thor! Raise your hammer!  
Crush the skull of Jormundgand.  
Stay away from poisoned breath,  
But you can't change your fate!

Mighty Thor! Your death is coming  
Ancient prediction will be done.  
Last nine steps to eternity,  
Twilight reaches thundergod!!!

Nothing's eternal  
Even god's life.  
Certain is death  
And fail to black...

Wisest and greatest  
Still come and go.  
Forthcoming battle  
Will take them all...

Every idea  
Is getting false,  
As man goes forward  
And his mind grows up...

Life is a cycle  
Still the same tone...  
Order from chaos  
So life goes on...
