Electric fetal tissue finder
Unwanted malignant issue grinder
Not welcome by it's protector
Fed to the unborn child processor
Raping and Collecting
The tool is inserted into her cunt
Ramming and Molesting
Malicious the fetus it will hunt
Cutting up the tissue
Aborted now the fetus it will suck
Chopping and Processing
Unwanted child it will now be flushed
Raping the womb
Now fetal tomb
Cleansing the wound
The child consumed
Spawn of the Fool
Transformed into gruel
Abortion tool
Is now removed
Lessons are not Learned
Bitch of Doom Returned
Another Spawn will come
From the diseased cunt
Lessons not learned
The bitch returns
One more conceived
But not to greave
The living flesh
Is put to rest
Her fucking fest
Another Death
