She'll rape you of your wisdom
She'll steal you from your freedom
This mistress of infection
Will lead you with deception

Lies...

Wake up she's got control of your mind
Your eyes are blind

You bow down to her madness
Drink from the swamp of sadness
Ingest the blood collection
Your dead from her infection

Die...

Wake up she's got control of your mind
Your eyes are blind

You suffer from her sickness
Corruption of the gutless
The master of your torment
Will bleed your life, now dormant

Lies...

Suffering is what you will find
If freed from the grip of her lies
Crawl now fall down on your knees
Embrace the bitch of death and disease

She'll rape you of your wisdom
She'll steal you from your freedom
This mistress of deception
Death now will be your lesson

Die...

Wake up she's got control of your mind
Your eyes are blind

Lies fester's in her life
